COMMISSION

**Committee Meeting Packet
for
June 28, 2001**

LEGISLATIVE BUDGET COMMISSION AGENDA

June 28, 2001

1:00 p.m.

Room 412, Knott Building

Members:	Senator Victor Crist	Representative Randy John Ball
	Senator Jim Horne	Representative Gaston Cantens
	Senator Daryl Jones	Representative Ronald A. Greenstein
	Senator Jim King	Representative Carlos A. Lacasa
	Senator Jack Latvala	Representative Evelyn J. Lynn
	Senator Tom Rossin	Representative Sandy Murman
	Senator Ronald A. Silver	Representative Rob Wallace

I. Consideration of the following budget amendments for Fiscal Year 2000-2001:

- a. EOG Number B2001-0986, Parole Commission**
- b. EOG Number B2001-0965, Justice Administration Commission**
- c. EOG Number B2001-1000, Department of Corrections**
- d. EOG Number B2001-0996, Labor and Employment Security**

II. Consideration of the following budget amendments for Fiscal Year 2001-2002:

- a. EOG Number B2002-0078, Corrections**
- b. EOG Number B2002-0068, Legislative Branch**
- c. EOG Number B2002-0084, Legislative Branch**
- d. EOG Number B2002-0060, Transportation**
- e. EOG Number B2002-0065, Education**
- f. EOG Number B2002-0081, Education**
- g. EOG Number B2002-0080, Agency for Health Care Administration**
- h. EOG Number B2002-0079, Health**
- i. EOG Number B2002-0093, Health**
- j. EOG Number B2002-0094, Health**
- k. EOG Number B2002-0095, Health**
- l. EOG Number B2002-0097, Health**
- m. EOG Number B2002-0045, Children and Family Services**
- n. EOG Number B2002-0099, Children and Family Services**
- o. EOG Number B2002-0100, Children and Family Services**
- p. EOG Number B2002-0037, Agency for Workforce Innovation**
- q. EOG Number B2002-0044, Agency for Workforce Innovation**
- r. EOG Number B2002-0071, Agency for Workforce Innovation**
- s. EOG Number B2002-0022, Agency for Workforce Innovation**
- t. EOG Number B2002-0058, Agency for Workforce Innovation**
- u. EOG Number B2002-0122, Agency for Workforce Innovation**
- v. EOG Number B2002-0128, Agency for Workforce Innovation**
- w. EOG Number B2002-0030, Management Services**

- x. EOG Number B2002-0056, Management Services
- y. EOG Number B2002-0073, Management Services
- z. EOG Number B2002-0127, Management Services
- aa. EOG Number B2002-0070, Management Services

III. Zero Based Budgeting

IV. Consideration of other business

Department: Florida Parole Commission

EOG Number: 0986

Problem Statement: The legislature deleted funding for Parole Commission field offices for FY 2001-02. This necessitates the move of 8 field offices before July 1, 2001. There are insufficient funds in the Expenses appropriation category to cover the disconnect, rewire, and certification of phone systems; replacement of some phones for new sites; and relocating and recertifying T1 trunks and Computer Service Unit/Digital Service Units (CSU/DSU). These moving expenses are estimated to cost \$68,300.

Agency Request: A transfer of \$68,300 General Revenue appropriations from Salaries and Benefits to Expenses will allow the Parole Commission to pay for these moving expenses. If not approved, the impact will create a deficit in Expenses for fiscal year 2000-01 because these offices must be moved before July 1, 2001, since there is no funding for them for the new fiscal year.

Governor's Recommendation: Recommend approval to transfer \$68,300 General Revenue appropriations to make the necessary moves to close down 8 field offices by July 1, 2001.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Justice Administration

EOG Number: B0965

Problem Statement: The Justice Administration Commission (JAC) receives an appropriation in a special category – Sexual Predator Civil Commitment Litigation Costs to cover case-related expenses by prosecutors and public defenders for sexual predator civil commitment cases. The Fiscal Year 2000-01 appropriation of \$1,080,000 is projected to be insufficient for current year expenditures. Based on prior year expenditures and a year-to-date analysis, a current year shortfall of \$275,000 is projected. Funds to cover this shortfall are available from the Capital Collateral Registry Attorney category where less than half the \$2,500,000 amount appropriated has been expended.

Agency Request: The JAC is requesting authority to transfer \$275,000 from the Capital Collateral Registry Attorneys category to the Civil Commitment Costs category. This will necessitate reversing \$275,000 of the \$2,500,000 that was transferred from the JAC to the Department of Banking and Finance which provides contract management services on behalf of the JAC for Post Conviction Capital Collateral Cases-Registry Attorneys.

Governor's Recommendation: Recommend approval of the transfer of \$275,000 General Revenue appropriation to cover a shortfall in sexual predator civil commitment cases.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Corrections

EOG Number: 1000

Problem Statement: The Department of Corrections received \$74,008,359 to fund the operations of the five contracted correctional facilities in the state. The appropriation was divided among three budget entities with Adult Male Custody Operations receiving \$49,006,014, Female Custody Operations receiving \$15,782,215, and Male Youthful Offender Custody Operations receiving \$9,220,130. Since the initial appropriation, the Department has amended its contract agreement with Corrections Corporation of America to provide an additional 96 beds at its female facility in Gadsden County to address a shortage of beds for female offenders. This has resulted in a shortfall of \$1,388,333 in the Female Custody Operations budget entity.

Agency Request: Approve the transfer of \$1,388,333 from Adult Male Custody Operations to Female Custody Operations.

Governor's Recommendation: Recommend approval to transfer \$1,388,333 General Revenue appropriation to cover the cost of the additional female beds at the Gadsden County private facility.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Labor and Employment Security

EOG Number: B0996

Problem Statement: The Workers' Compensation program is requesting an increase in Expenses in the Workers' Compensation Administration Trust Fund in the amount of \$750,000 to be transferred to the Florida Workers' Compensation Joint Underwriting Association (FWCJUA).

Section 440.51(13)(b), Florida Statutes, reads as follows: "Fixed administrative expenses" means the expenses of the plan, not to exceed \$750,000, which are directly related to the plan's administration but which do not vary in direct relationship to the amount of premium written by the plan and which do not include loss adjustment premiums.

Section 440.51(14), Florida Statutes, was also amended to read: Before July 1 in each year, the plan shall notify the division of the amount of the plan's gross written premiums for the preceding calendar year. Whenever the plan's gross written premiums reported to the division are less than \$30 million, the division shall transfer to the plan, subject to appropriation by the Legislature, an amount not to exceed the plan's fixed administrative expenses for the preceding calendar year. The plan is defined as the workers' compensation joint underwriting plan.

For calendar year 2000, the fixed administrative expenses were \$1.4 million, and the plan's gross written premium was \$5,035,549 (based on 522 policies). In 2000 the surplus was \$7.3 million of which \$6.1 million may not be considered earned surplus until such time as the actual liabilities have been recovered or terminated. The FWCJUA anticipates full closure of these claims in approximately fifteen years. Therefore, the unassigned surplus is \$1.2 million.

Agency Request: This budget amendment provides \$750,000 in expense budget for administrative expenses of the JUA. Section 58 of the General Appropriations Act for for 2001-02, states pursuant to the provisions of Section 440.51(14), Florida Statutes, the Department of Labor and Employment Security may submit a budget amendment request to transfer up to \$750,000 from the Workers' Compensation Trust Fund to the FWCJUA for fiscal year 2000-01. The budget amendment shall be submitted to the Legislative Budget Commission for approval. This section shall take effect upon the General Appropriations Act becoming law.

This increase will enable the program to pay a portion of the "fixed administrative expenses" of the joint underwriting plan in order to offset a projected rate increase.

Governor's Recommendation: Recommend approval of an increase of \$750,000 in the Workers' Compensation Administration Trust Fund to transfer up to that amount to the Florida Workers' Compensation Joint Underwriting Association for the fiscal year 2000-2001 to implement section 58 of the General Appropriations Act.

Commission Staff Comments: The FWCJUA's current rates are approximately 3.5 times commercial rates. Within the last year, the FWCJUA has reduced its rates by 32% . Approximately 18 percentage points of that reduction were based on the expectation that this request for a \$750,000 expense subsidy would be approved. The FWCJUA has estimated that an increase in rates of 12.5% will be needed to recover the \$750,000 for fixed expenses. The resulting rates, if increased, would still be substantially lower than 1999 rates.

It should be noted that the FWCJUA currently has unassigned surplus funds of \$1.2 million.

The Worker's Compensation Administration Trust Fund, while able to absorb a \$750,000 transfer during FY 2001-2002, is currently at its statutory assessment cap of 2.75%.

Finally, there is concern that if this request were approved, the expectation would be that the subsidy is recurring until the FWCJUA's premium base exceeds \$30 million.

For these reasons, the staff recommendation is that the Commission not approve this amendment.

Department: Corrections

EOG Number: 0078

Problem Statement: The 2001-02 General Appropriations Act provides a lump sum appropriation (675A) of \$1,114,627 General Revenue and 14 positions for critical management and administrative infrastructure. Proviso specifies that these funds may only be released upon Legislative Budget Commission approval of a Department plan to streamline administration and management. The proviso language further specifies that the Department plan must result in the reduction of at least 7 FTE from Senior Management Service or Select Exempt Service. The Department's plan results in the reduction of 9 FTE from the Senior Management Services and Select Exempt Services (see attached).

Agency Request: Approve the Department plan and the release of funds and positions from the lump sum.

Governor's Recommendation: Recommend approval of the allocation of \$1,114,627 lump sum appropriation and the reduction of 28 positions and restoration of 14 positions based on the Department's plan to reduce administrative duplication and increase management efficiency as required by proviso language.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

June 12, 2001

The Honorable Anna P. Cowin, Chairman
Appropriations Subcommittee on Public Safety and Judiciary
Room 416 Senate Office Building
Tallahassee, Florida 32399-1100

The Honorable Randy Ball, Chairman
Criminal Justice Appropriations Committee
Room 221, The Capitol
Tallahassee, Florida 32399-1300

Dear Senator Cowin and Representative Ball:

In accordance with the proviso in appropriation 675A, I am submitting a plan for the release of FTE and funds from lump sum.

The proviso called for 28 positions to be deleted and allowed 14 to be restored from the lump sum appropriation. Of those deleted, at least 7 had to be Senior Management or Select Exempt Service. I am submitting a plan that reduces 9 SES/SMS positions permanently.

My executive staff developed the plan. We reviewed vacant and filled positions to determine what level of positions that we would have to reduce in order to achieve the average \$79,000 per year reduction. With due diligence, we have completed a list of 28 positions which include the following:

Class Title	FTE	SVC	Rate	Benefits	Total	Expense	Restore FTE	Restore Expense
Attorney	1	SES	\$35,189	\$10,287	\$45,476	\$3,000	\$45,476	\$3,000
Chief of Staff Development	1	SES	\$70,945	\$18,636	\$89,581	\$3,000		
Deputy Director of Administration	1	SMS	\$74,910	\$19,743	\$94,653	\$3,000		
Director of Executive Affairs	1	SMS	\$48,759	\$10,589	\$59,348	\$3,000		
General Services Officer	1	SES	\$69,812	\$18,436	\$88,248	\$3,000	\$88,248	\$3,000
Public Information Specialist	1		\$27,901	\$7,985	\$35,886	\$3,000		
Workforce Compliance	1	SES	\$63,466	\$17,314	\$80,780	\$3,000		
Assistant Warden	1	SES	\$61,350	\$23,775	\$85,125	\$3,000	\$85,125	\$3,000

	28		\$1,645,498	\$499,756	\$2,145,254	\$84,000	\$1,072,627	\$42,000

Restored positions are in bold.

The second part of the plan was to prioritize the restoration of 14 from lump sum. As you can see, the team requested that the majority of the assistant wardens be reinstated. The basis for this is the increased responsibilities placed on these positions. We have shifted management review (a formal process that includes operations and security elements) to the field. In addition, we have developed a promotional career ladder that enables assistant wardens sufficient experience in different areas to become wardens.

In addition, we are requesting an attorney and three mental health consultants be restored. These positions are critical to the close management issues as well as general mental health oversight for inmates. Another facet of the close management involves the faith based component and as such we are requesting the chaplain services administrator in support of this. Lastly, there is one general services officer responsible for the coordination of warehouses statewide. This position is critical to our infrastructure and operations in the field.

I hope you will support us in our request. Each of these positions is essential to operating successfully.

Sincerely,

Michael W. Moore
 Secretary

MWM/PB

Department: Education/Legislative Branch

EOG Number: B0068

Problem Statement: Chapter 2001-170, Laws of Florida, the education reorganization bill, transferred the Postsecondary Education Planning Commission (PEPC) to the Office of Legislative Services, effective July 1, 2001. This budget amendment transfers the \$1,536,839 appropriation from the General Revenue Fund along with sixteen (16.00) FTE's as appropriated in the General Appropriations Act.

Agency Request: This budget amendment is needed to identify and transfer the functions, authorized positions and funding (\$1,536,839) for the Postsecondary Education Planning Commission from the Department of Education to Legislative Services, effective July 1, 2001.

Governor's Recommendation: Recommend approval of the transfer of \$1,536,839 General Revenue appropriation and 16 positions from the Postsecondary Education Planning Commission to the Legislative Branch to implement the provisions of Chapter 2001-170, Laws of Florida.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Education/Legislative Branch

EOG Number: B0084

Problem Statement: This budget amendment implements Chapter 2001-86, Laws of Florida, which provides for the Best Practices Reviews of public school districts conducted by the Office of Program Policy Analysis and Governmental Accountability (OPPAGA) as outlined in specific appropriation 147A of the 2001-2002 General Appropriations Act.

Agency Request: This amendment transfers \$968,000 of General Revenue from the Department of Education to the Office of Program Policy and Research (OPPAGA) in the Legislative Branch, effective July 1, 2001.

Governor's Recommendation: Recommend approval to transfer \$968,000 General Revenue appropriations from the Department of Education to the Office of Program Policy Analysis and Government Accountability for the Sharpen the Pencil Act.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Transportation

EOG Number: B0060

Problem Statement: The 2001-02 General Appropriations Act (GAA) includes an issue to move 97 positions and related budget from the other budget entities in the Department of Transportation to the Information Technology budget entity. Due to an error, the budget authority was placed in the wrong appropriation categories in two instances. The positions and associated budget in the Information Technology budget entity had been identified for the subsequent transfer to the State Technology Office.

This amendment requests a technical adjustment to correct these errors.

\$1,636,449 of OCO budget was to be transferred from the Highway and Bridge Construction entity. The Expenses category was reduced in error.

The Salary and Benefits category in the Information Technology entity was to be increased by \$4,771,593. The Expenses category was increased in error.

Agency Request: In the Highway and Bridge Construction Budget Entity, the agency requests an increase of \$1,636,449 in the Expense category to be offset by a like decrease in the Operating Capital Outlay category. In the Information Technology Budget Entity, an increase of \$4,771,593 in the Salaries and Benefits category is requested, to be offset by a like decrease in the Expenses category. Both category transfers will correct errors made in the General Appropriations Act.

If this request is not approved, resources will not be in place for subsequent transfer to the State Technology Office which is scheduled to be completed by October 1, 2001.

Governor's Recommendation: Recommend approval to transfer \$6,408,042 trust fund appropriations to correctly align the information technology resources.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Education

EOG Number: B0081

Problem Statement: This budget amendment reflects the adjustments necessary to enable the Department of State to transfer the Historic Pensacola Preservation Board-Historic Properties Management to the University of West Florida.

Chapter 2001-199, Laws of Florida, Sections 17, 18, and 19, effective July 1, 2001, provides for the transfer of the Historic Pensacola Preservation Board-Historic Properties Management from the Department of State to the University of West Florida.

The funds that were appropriated in the Fiscal Year 2001-2002 General Appropriations Act will be transferred to the University of West Florida as follows:

- Line Item 2953A Salaries and Benefits: General Revenue Fund, \$507,029
- Line Item 2953B Other Personal Services: General Revenue Fund, \$53,304
- Line Item 2953C Expenses: General Revenue Fund, \$21,447
- Line Item 2953D Special Categories-Risk Management Insurance: General Revenue Fund, \$64,338
- Line Item 2953E Special Categories-Historic Pensacola Projects: General Revenue Fund, \$2,650,000

This budget amendment transfers funds in the appropriation categories to the University of West Florida to enable them to carry out the duties and responsibilities of the Historic Pensacola Preservation Board-Historic Properties Management.

Agency Request: This budget amendment will enable the Department of State to transfer the funds appropriated to the Historic Pensacola Preservation Board-Historic Properties Management to the University of West Florida, pursuant to Chapter 2001-199, Laws of Florida.

Governor's Recommendation: Recommend approval to transfer 14 positions and \$646,118 General Revenue appropriations for the Historic Pensacola Preservation Board from the Department of State to the University of West Florida pursuant to the provisions of House Bill 1419. The \$2,650,000 requested by the agency for transfer for Historic Pensacola Projects was vetoed.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Agency For Health Care Administration

EOG Number: 0080

Problem Statement: Chapter 2001-45, Laws of Florida, provides funding to the Agency for Health Care Administration to implement quality improvements in Florida nursing homes. Through an error, funding was appropriated from the Medical Care Trust Fund that should have been appropriated from the Health Care Trust Fund and Administrative Trust Fund.

The Medical Care Trust Fund receives only federal funds, including Medicaid reimbursements and State Children's Insurance Program funds. Chapter 2001-45, Laws of Florida, allows the Agency to collect additional fees to be deposited into the Health Care Trust Fund to pay for a portion of the funding necessary to implement the legislation. The Medicaid Executive Direction and Support Services are appropriately paid from the Administrative Trust Fund. The Agency will not be able to make payroll or expense payments from the fund in which fees are actually collected and deposited if the funding remains in the current trust fund source. Therefore, this budget amendment transfers the appropriation to the correct trust funds.

Agency Request The Agency requests that the appropriation, approved budget, and release in the amount of \$1,338,842 be transferred from the Medical Care Trust Fund to the Health Care Trust Fund and \$1,750,000 be transferred from the Medical Care Trust Fund to the Administrative Trust Fund.

This action is necessary to allow the Agency to meet the federal funding requirements for state matching funds.

Governor's Recommendation: Recommend approval to shift \$3,088,842 trust fund appropriations to correct a funding error contained in Chapter 2001-45, Laws of Florida, relating to Nursing Home Quality Improvements.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Health

EOG Number: 0079

Problem Statement: Section 93 of Senate Bill 1558, provides for a type 2 transfer of the Nursing Student Loan Forgiveness Program and the Nursing Scholarship Program from the Department of Education to the Department of Health, effective July 1, 2001. Reorganizations authorized in substantive legislation in which the transfer of positions and/or appropriations have not been included in the General Appropriations Act require approval by the Legislative Budget Commission. The Department of Education currently has 3 positions and \$876,171 in supporting trust fund budget authority to administer both of these programs.

Agency Request: This budget amendment requests the transfer of 3 authorized positions and supporting budget authority from the Department of Education to the Department of Health, effective July 1, 2001, in compliance with the provisions of Senate Bill 1558.

Governor's Recommendation: Recommend approval of the transfer of 3 positions and \$876,171 from the Nursing Student Loan Forgiveness Trust Fund from the Department of Education to the Department of Health to implement the provisions of Senate Bill 1558.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Health

EOG Number: 0093

Problem Statement: The 2000 Legislature eliminated positions vacant more than 90 days in the Department of Health. This resulted in the reduction of 60 positions and supporting budget authority of \$727,786 in General Revenue and \$1,001,476 in Administrative Trust Fund for Fiscal Year 2000-01. For the sake of expediency, the positions and funding were eliminated from the Executive Direction and Support Services budget entity with the understanding that the agency could subsequently realign the positions and budget within the department.

Agency Request: Request approval to reallocate 56 of the 60 positions vacant more than 90 days and the associated funding to the appropriate budget entities within the Department of Health. This item was approved by the Legislative Budget Commission on April 5, 2001, but not included in the General Appropriations Act for 2001-2002.

Governor's Recommendation: Recommend approval to transfer 56 positions and \$1,057,945 trust fund appropriations and \$542,130 General Revenue appropriation to continue realignment of budget reductions approved in fiscal year 2000-01.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Health

EOG Number: 0094

Problem Statement: In recasting the Fiscal Year 2000-2001 budget into the new service/activity format, funding in the amount of \$1,046,000 in General Revenue for the National Parkinson's Foundation was placed in the Executive Direction and Support Services budget entity instead of the Family Health Services budget entity. In order to capture the appropriate expenditures for each service and activity, the budget associated with this program should have been transferred to the Family Health Services budget entity.

Agency Request: Request approval to transfer \$1,046,000 in General Revenue appropriations from Executive Direction and Support Services to Family Health Services to properly reflect services and activities. A budget amendment was approved by the Legislative Budget Commission on October 19, 2000, transferring the appropriation for the current fiscal year; however, this adjustment was not included in the General Appropriations Act for 2001-2002.

Governor's Recommendation: Recommend approval to transfer \$1,046,000 General Revenue appropriations to continue realignment of a budget transfer approved in fiscal year 2000-01.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Health

EOG Number: 0095

Problem Statement: The Department of Health received notification from the U.S. Department of Health and Human Services of an increase in the Federal Ryan White Title II C.A.R.E. grant award providing funding for the HIV/AIDS laboratory supplies and tests. This increase was effective April 1, 2001, and due to the late receipt of the notification budget authority was not included in the General Appropriations Act for 2001-2002.

Agency Request: Request approval to increase budget authority in Statewide Health Support Services for Fiscal Year 2001-2002 in the amount of \$1,936,862 to reflect the increase in federal grant award available for the HIV/AIDS Prevention. A trust fund budget amendment for Fiscal Year 2000-01 was requested and approved by the Executive Office of the Governor on May 14, 2001, for the current year.

Governor's Recommendation: Recommend approval to increase trust fund appropriations by \$1,936,862 to continue a federal grant for laboratory services related to HIV/AIDS testing approved in fiscal year 2000-01.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Children And Family Services

EOG Number: 0045

Problem Statement: At its April 5 meeting, the Legislative Budget Commission approved an amendment to realign existing resources within the Department to establish contract performance units at the district level. The amendment transferred 41.5 positions, 1,513,130 in salary rate and \$335,116 in General Revenue Salaries and Expenses. The amendment requires continuation in Fiscal Year 2001-2002.

Agency Request The Department requests the continuation of the transfer of 41.5 positions and \$1,444,769 in General Revenue Salaries and Expenses from various program budget entities to District Administration.

Governor's Recommendation: Recommend approval to transfer 41.5 positions and \$1,444,769 General Revenue and \$23,802 trust fund appropriation to continue the implementation of district level contract performance units, which was approved in fiscal year 2000-01.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Children and Family Services

EOG Number: 0099

Problem Statement: The Department was awarded the “Family Hope” grant from the Federal Government, which covers a five-year period from September 1, 1999, through September 29, 2004. Funds will be used to implement a seamless system of care for 120 to 140 children and youth with serious emotional disturbances in the urban core of West Palm Beach. Because it is a time-limited grant, the Department requests budget authority by amendment every year rather than leave unfunded budget authority once the grant ends. Budget authority was previously approved July 1, 2000 (EOG #0062) and February 13, 2001 (EOG #0453).

Agency Request: The Department requests an increase of \$1,271,790 in the Federal Grants Trust Fund in Children’s Mental Health Services. This increase will allow the Department to continue the Family Hope Grant and provide services for children and youth with serious emotional disturbances in West Palm Beach.

If not approved, the Department will lose the opportunity to create a seamless system of care for seriously, emotionally disturbed children and youth.

Governor’s Recommendation: Recommend approval to increase Federal Grants Trust Fund in Children’s Mental Health Services by \$1,271,790 to continue the “Family Hope” grant, which was approved by the Executive Office of the Governor in Fiscal Year 1999-2000 and 2000-2001.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Children And Family Services

EOG Number: 0100

Problem Statement: The Department was awarded a federal Governor's State Incentive Grant to establish the Florida Cooperative Initiative for Substance Abuse Prevention—a three-year project that began July 15, 1998, and continues through July 14, 2001. Because implementation was delayed, the Department received an extension on May 14, 2001, to continue the project through July 14, 2002. There is insufficient budget authority, however, to expend the funds.

Agency Request: The Department requests an increase of \$3,143,042 in Federal Grants Trust Fund in Children and Adolescent Substance Abuse Services to continue the Florida Cooperative Initiative for Substance Abuse Prevention project through June 2002.

If not approved, the Department will not be able to use the funds available through this grant to develop a coordinated state drug abuse prevention strategy or continue community-level prevention projects.

Governor's Recommendation: Recommend approval to increase Federal Grants Trust Fund in Children and Adolescent Substance Abuse Services by \$3,143,042 to continue the Florida Cooperative Initiative for Substance Abuse Prevention, which was approved in Fiscal Year 2000-2001 and has been extended until July 14, 2002.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Workforce Innovation

EOG Number: B0037

Problem Statement: The Agency for Workforce Innovation (AWI) is currently using data processing appropriation categories with titles associated with the Department of Labor and Employment Security. This is a technical budget amendment to delete the obsolete data processing appropriation category titles to reflect new categories associated with the State Technology Office (STO). This will enable AWI to pay the STO for Information Technology services rendered on or after July 1, 2001, from the appropriate category.

Agency Request: This budget amendment requests the transfer of data processing categories to facilitate payment by AWI to the STO for IT support services on or after July 1, 2001. If this action is not approved, AWI will be unable to make payments to the STO. The STO does not have the financial resources required to continue providing these services without such payments, and therefore, these IT support services would have to be discontinued. This would result in the inability of AWI to carry out its respective duties and responsibilities.

Governor's Recommendation: Recommend approval of the transfer of \$9,671,734 appropriations from the Employment Security Administration Trust Fund between data processing services categories and \$446,788 appropriation from the Administrative Trust Fund between data processing services categories.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Workforce Innovation

EOG Number: B0044

Problem Statement: The operational expenses for non-personal services (such as maintenance and service agreements, janitorial service contracts, office equipment and supplies) related to the One Stop Centers are being paid by the Agency for Workforce Innovation. On May 8, 2001, a trust fund budget amendment was approved by the Executive Office of the Governor to provide \$2.2 million in a pass through category in order for the local workforce boards to utilize federal funds for non-personal services for FY 2000 – 2001. This amendment requests \$10.7 million in budget authority in a new category for FY 2001-02 which would give the Regional Workforce Boards the flexibility to make these payments for non personal services and allow the One Stop Centers to capture all of the operational expenses.

Agency Request: This budget amendment requests the transfer of \$7,361,901 of trust fund budget authority from the Expenses category and \$3,341,920 of trust fund budget authority from the OPS category to a Special Category that will be used as a pass-through to local Regional Workforce Boards. If this budget amendment is not approved, the agency will not be allowed to continue charging the related expenditures to the Special Category as previously approved in a budget amendment (EOG#0829) during fiscal year 2000-01.

Governor's Recommendation: Recommend approval to transfer \$10,703,821 trust fund appropriations to continue the pass-through of federal funds to the local workforce boards which was approved in fiscal year 2000-01.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Workforce Innovation

EOG Number: B0071

Problem Statement: In order to account for all Temporary Assistance for Needy Families (TANF) funds in the Agency for Workforce Innovation, the 2001 Legislature created the Welfare Transition Trust Fund in Chapter 2001-174, Laws of Florida. Currently, TANF funds and positions are commingled in the Employment Security Administration Trust Fund with other federally funded programs, but are accounted for based on budget entity.

The Welfare Transition Trust Fund will account for TANF operations separately from the activities funded by the Employment Security Administration Trust Fund in Workforce Development budget entity.

Agency Request: This budget amendment requests (a) the transfer of TANF funds into the Welfare Transition Trust Fund in order to account for TANF funds in a single trust fund, and (b) the transfer of positions and associated salary rate from the Welfare Transition Budget Entity to the Workforce Development Budget Entity.

Governor's Recommendation: Recommend approval to transfer 26 positions and \$175,575,247 trust fund appropriations to the newly created Welfare Transition Trust Fund to reflect process flow efficiency.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Workforce Innovation

EOG Number: B0022

Problem Statement: The Department of Elder Affairs (the state agency with lead responsibility for administering human service programs for the elderly) is in the process of entering into a cooperative agreement with the Agency for Workforce Innovation (responsible for receiving and administering federal grants related to workforce programs). The agreement requires the Agency for Workforce Innovation to provide services for the Title V Senior Community Service Employment Program (SCSEP). This program helps foster and promote useful part-time work experience opportunities for persons with low incomes who are 55 years of age or older, who have poor employment prospects, and who have the greatest economic need. The transfer in the amount of \$5,019,531 from the SCSEP will be effective July 1, 2001.

The request to provide services to the SCSEP was made after the submission and approval of the agency operational budget request. Therefore, the Agency does not have budget authority for fiscal year 2001-02 to obligate the funds needed for the operation of this program.

Agency Request: This budget amendment requests \$5,019,531 in budget authority to provide workforce employment services to qualified individuals. If not approved, the Agency for Workforce Innovation and the Department of Elder Affairs would not be able to execute the cooperative agreement.

Governor's Recommendation: Recommend approval of an increase for \$5,019,531 from the Employment Security Administration Trust Fund to carry out an agreement with the Department of Elder Affairs as requested by the agency.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Workforce Innovation

EOG Number: B0058

Problem Statement: The 2001 Florida Legislature approved the transfer of the Partnership for School Readiness from EOG, Child Care and Early Childhood Resource and Referral, the Child Care Executive Partnership Program and the Subsidized Child Care Program from DCF including statewide staff, and prekindergarten early intervention, migrant prekindergarten and Florida First Start programs from DOE to the Agency for Workforce Innovation (AWI) in Chapter 2001-170, L.O.F.

This amendment transfers positions assigned to the Partnership for School Readiness from the Executive Office of the Governor (EOG) and positions that support program operations of the Partnership for School Readiness through interagency agreements with the Department of Children and Families (DCF) and the Department of Education (DOE). This amendment transfers an additional 11 positions from DCF to AWI for administrative support of school readiness functions.

Agency Request: This budget amendment requests the transfer of positions and budget from DCF, EOG and DOE to AWI in order to implement the provisions in Chapter 2001-170, L.O.F., related to the Child Care and School Readiness.

If this action is not approved, the provisions of Chapter 2001-170, L.O.F., will not be carried out, negatively impacting the administration of the program.

Governor's Recommendation: Recommend approval to transfer 44 positions and \$186,925,094 in General Revenue and \$483,457,522 in trust fund appropriations for the transfer of the School Readiness Program from the Department of Children and Families, Department of Education and the Executive Office of the Governor to the Agency Workforce Innovation.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Workforce Innovation

EOG Number: B0122

Problem Statement: The 2001 Florida Legislature approved the transfer of the Partnership for School Readiness, Child Care Executive Partnership Program, Child Care and Early Childhood Resource and Referral, and the Subsidized Child Care Program including statewide staff to the Agency for Workforce Innovation (AWI) in Chapter 2001-170, L.O.F. Because DCF administers the Child Care & Early Childhood Resource and Referral, the Child Care Executive Partnership Program and the Subsidized Child Care Program at the District level where the positions are spread across multiple services, the Department is unable to identify one-for-one full time equivalent positions for transfer to AWI. Therefore, positions were identified from the phase down of the G. Pierce Wood Hospital for transfer to AWI to administer the program. These institutional positions are at low pay grades, and in order for AWI to provide the services required, an upgrade to professional level pay grades is required.

Chapter 2001-170, L.O.F., changed the designated lead agency for administering the federally funded Even Start Family Literacy program from DOE to AWI. The Even Start Family Literacy program is in Contracts and Grants in DOE. DOE is unable to transfer one-for-one equivalent positions because positions are not appropriated for administering Contracts and Grants in DOE. As an alternative, AWI is requesting \$300,000 to contract for professional services to administer the Even Start program.

Agency Request: This budget amendment requests an increase of \$865,247 in Trust Fund budget authority and \$320,655 in rate for the School Readiness Program in AWI in order to reclassify the positions being transferred from DCF, fund the support costs (OCO and Expenses) for the reclassified positions, and fund contractual services.

Governor's Recommendation: Recommend approval of an increase of \$865,247 in budget authority in the Employment Security Administration Trust Fund to implement the School Readiness Program, and an increase of \$320,655 in rate for AWI.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Workforce Innovation

EOG Number: B0128

Problem Statement: The 2001 Florida Legislature approved the transfer of the Partnership for School Readiness from EOG, Child Care and Early Childhood Resource and Referral, the Child Care Executive Partnership Program and the Subsidized Child Care Program from DCF including statewide staff, and prekindergarten early intervention, migrant prekindergarten and Florida First Start programs from DOE to the Agency for Workforce Innovation (AWI) in Chapter 2001-170, L.O.F. In October, 2000, a budget amendment was approved for the Department of Children and Families authorizing \$4,000,000 in federal funds to be used for developing a single point of entry and unified waiting list for publicly funded early education, as well as the recruitment of licensed childcare providers in rural areas. To date, DCF has not implemented the database and the funding will revert on June 30, 2001. Therefore, AWI is requesting \$4,000,000 in budget authority to begin the development and implementation of the single point of entry database and to provide childcare in rural areas.

Chapter 2001-170, L.O.F., changed the lead agency designation for the federally funded Even Start Family Literacy program from DOE to AWI. The federal funding for the program is in Contract and Grants in DOE, is not appropriated and thus cannot be transferred to AWI. Therefore, AWI is requesting \$12,000,000 in budget authority for implementing the program.

Agency Request: This budget amendment requests an increase of \$16,000,000 in Trust Fund budget authority for AWI in order to implement the single point of entry database, provide childcare in rural areas, and implement the Even Start Family Literacy program.

Governor's Recommendation: Recommend approval of an increase of \$12,000,000 in the Employment Security Administration Trust Fund to provide for implementing the Even Start Family Literacy program and an increase of \$4,000,000 in the Child Care Development Block Grant Trust Fund to implement the single point of entry database and provide childcare in rural areas.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Management Services / Labor and Employment Security

EOG Number: 0030

Problem Statement: Pursuant to Chapter Law 2001-0098, Laws of Florida, effective July 1, 2001, the Public Employees Relations Commission (PERC) Program is transferred to the Department of Management Services from the Department of Labor and Employment Security.

Agency Request: This budget amendment transfers the approved operating budget of: \$3,324,530 in General Revenue funding and \$53,648 in PERC Trust Fund, along with thirty-nine (39.0) fixed positions and annual salary rate.

Governor's Recommendation: Recommend approval to transfer 39 positions and \$3,324,530 General Revenue and \$53,648 trust fund appropriations for the Public Employees Relations Commission from the Department of Labor and Employment Security to the Department of Management Services.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Management Services

EOG Number: 0056

Problem Statement: The 2001 Legislative Session expanded the roles, duties and activities of the State Technology Office (STO) and provided additional authority and resources to accomplish the objectives established during the previous year's Legislative Session. Chapter 2000-164, Laws Of Florida, required the STO to create an integrated electronic system for deploying government products, services, and information to individuals and businesses and establish the organizational structure required to implement this system. House Bill 1811 further authorizes the STO to accomplish the objectives in Chapter 2000-164 by enabling the office to consolidate IT staff and resources across the executive branch of state government.

The bill amends s. 20.22, F.S. and 282.102, F.S., to establish the STO as a separate budget entity within the Department of Management Services. To accomplish this, a reorganization of the STO's current structure is recommended. Currently, the STO consists of four separate budget entities: Telecommunications Services, Wireless Services, Information Services and the State Technology Office.

Establishment of one budget entity will enable the STO to function as an enterprise, by:

- eliminating budgetary silos which hinder the leveraging of IT resources;
- improving technology business and workflow processes;
- reducing operational redundancies;
- enhancing the state's procurement, use and management of technology resources; and
- positioning the state to support future E-Government initiatives.

The STO will maintain the integrity of the financial data through its organizational structure, trust funds, and current delineation of activities. The new budget entity, titled "Enterprise Technology", will include 270 positions and budget authority for five trust funds and General Revenue. This budget entity will also be used for the transfer of approximately 1800 positions and approximately \$244 million in IT budget authority from the executive agencies by October 1, 2001.

Agency Request: This amendment requests that four current budget entities: Telecommunications Services, Wireless Services, Information Services, and the State Technology Office be replaced with one budget entity, Enterprise Technology, to enable the STO to establish a framework for an integrated, enterprise structure.

A separate Operating Level Organization (OLO) code will be used to distinguish the STO's separate and distinct operations from that of the Department of Management Services and enable the office to optimize its organizational and reporting capabilities. The proposed structure will be used to implement performance management across all IT organizations.

Approval of this amendment would result in direct benefits in administration of the program and implementation of the requirements in HB 1811. Non-approval will continue to perpetuate fragmentation of the technology governance and organizational structures that currently exist in the state.

Governor's Recommendation: Recommend approval to transfer 270 positions and \$239,601,203 trust fund appropriations and \$3,646,823 General Revenue for the establishment of a single budget entity for the State Technology Office.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Management Services

EOG Number: 0073

Problem Statement: Chapter 2001-261, Laws of Florida, places the primary responsibility for the planning, budgeting, acquisition, development, implementation, use, and management of information technology in the State Technology Office (STO). Effective July 1, 2001, Section 55(2) of the 2001-02 General Appropriations Act authorizes the transfer of administrative support staff and associated budget authority to the Department of Management Services (DMS) or the STO to begin establishing the administrative infrastructure necessary to support up to 1760 information technology positions that are scheduled for transfer to the STO by October 1, 2001.

The administrative positions are necessary for the STO's Business Office and for DMS' Administration Program to support the STO. The **STO's Business Office** will be responsible for the following functions: developing and evaluating cost recovery and allocation methodologies, analyzing the return on investment of projects and systems, calculating total cost of ownership, performing agility and change management functions, developing and monitoring Service Level Agreements, performing business process reengineering, and asset management. The office will also be responsible for planning and budget functions which include developing legislative budget request issues for the enterprise, and assisting management in the evaluation and prioritization of those issues; understanding business processes and recommending policies, and working with the business office to identify investments and savings. Responsibilities also include developing and monitoring spending plans, monitoring and analyzing accounting data and developing cost and revenue models to assist management with decision making responsibilities.

The **DMS' Administration Program** will be responsible for providing core services including accounting, contract administration services (developing, negotiating, and executing Enterprise IT contracts), and several planning and budgeting functions, legal support, and purchasing.

Agency Request: The STO has estimated a need for 52 positions, which equates to three percent of the total information technology (IT) positions in fourteen Governor's agencies. At this time, the STO requests only 25 positions, associated salary rate, and authorized budget totaling \$1,070,987 (attached spreadsheet). This transfer includes one position from the Department of Elder Affairs, three positions from the Department of Environmental Protection, three positions from the Department of Juvenile Justice, seven positions from the Department of Labor and Employment Security, one position from the Agency for Workforce Innovation, and ten positions from the Department of Transportation. Nineteen positions would be established in the STO's Business Office and six positions in the DMS' Administration Program. All positions will support the STO.

Governor's Recommendation: Governor recommended transfer as requested by the Agency and also established operating transfers to STO in the applicable agencies to provide cash funding in STO's Working Capital Trust Fund. Cash was not provided to fund the increased trust fund spending authority in Salaries and Benefits. This recurring cost would be provided from the cash balance in the trust fund or recovered through the anticipated billing structure.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Management Services/State Technology Office

EOG Number: 0127

Problem Statement: In EOG #B2002-0073, the Department of Management Services, State Technology Office (STO), requested the transfer of 25 positions from the following agencies: Environmental Protection, Labor & Employment Security, Elder Affairs, Juvenile Justice, Transportation, and the Agency for Workforce Innovation to establish an administrative infrastructure to support up to 1750 information technology positions that are scheduled for transfer to the STO by October 1, 2001.

The administrative infrastructure will ensure Florida's information technology (IT) resources are effectively used to promote and support the business needs of the State. Responsibilities will include developing IT cost recovery and cost allocation methodologies, analyzing the return on investment of technology projects and systems, performing agility and change management functions, developing and monitoring Service Level Agreements with the agencies, performing business process reengineering, helping IT project leaders manage the fiscal aspects of contracts, calculating total cost of ownership, and providing IT asset management.

Several of the positions included in the transfer are not established at adequate levels to effectively carry out the required duties. The STO cannot attract experienced and skilled staff at the current staffing levels.

Agency Request: The STO is requesting \$279,481 in trust fund budget authority and an increase in salary rate of \$214,986 to reclassify vacant positions identified in Attachment A to comparable pay grades.

Governor's Recommendation: Recommend approval to increase trust fund appropriation by \$279,481 and an increase in salary rate of \$214,986 for nineteen positions to perform administrative functions for the State Technology Office pursuant to Chapter 2001-261, Laws of Florida, and Section 55 of the 2001-2002 General Appropriations Act, effective July 1, 2001.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.

Department: Management Services

EOG Number: 0070

Problem Statement: Chapter 2001-261, Laws of Florida, and Section 55 of the 2001-02 General Appropriations Act require the transfer of information technology (IT) positions and resources from the executive agencies to the State Technology Office (STO). For FY 2001-02, the Department of Labor & Employment Security (DLES) has identified 140 FTE that perform IT functions and \$14,707,556 in IT-related spending authority in the Department's Office of Information Systems (Information Technology Program).

DLES has experienced extensive reorganizations, transitions, and downsizing initiatives in the last two years and is facing additional reductions in its administrative support staff on June 30, 2001. Chapter 2001-261, Laws of Florida, requires the transfer of the agencies' IT resources to the STO on October 1, 2001. However, in light of the limited number of DLES administrative support positions authorized for the 2001-02 fiscal year, a transfer of the IT positions on July 1, 2001, is recommended.

The transfer will enable the STO to begin the integration of IT resources and the creation of efficiencies in the IT arena through information sharing, reduction of redundant operations, enhancements in processing capabilities, and enterprise cost avoidance initiatives. Further delays will result in additional costs as the original integration plans were developed based on a July 1, 2001, starting date.

Further, this transfer will provide the State Technology Office with a model for transferring other agencies' IT staff and resources to the STO. This will help to ensure a smooth transition of the remaining fourteen Governor's agencies on October 1, 2001, with little disruption in services and support.

Agency Request: DLES entered into a Memorandum of Agreement with the STO on August 18, 2000, regarding the consolidation of information technology resources and staff. In accordance with Chapter 216, F.S., upon approval by the Legislative Budget Commission, DLES will transfer the positions, associated rate and approved budget identified in the Memoranda to the STO. An effective date of July 1, 2001, is requested for the transfer.

The STO will charge back to DLES an amount equal to the total of all direct and indirect costs of administering and rendering performance under such agreement. Although DLES current IT operating budget is being transferred to the STO, equivalent budget authority is being established in DLES and Agency for Workforce Innovation, in the appropriate appropriation category: Data Processing Services-STO (category 210018) to enable payment to the STO for services rendered.

Under the agreement the following major technology systems will be supported: (1) Employment Service; (2) Labor Market Statistics; (3) Workforce Investment Act (WIA); (4) Unemployment Compensation Claims and Benefits; (5) Unemployment Compensation Interstate Processing of Benefits (ICON); (6) Unemployment Compensation Appeals; (7) Unemployment Compensation Tax; (8) Worker's Compensation Claims Information and Tracking; and (9) Worker's Compensation Employer and Carrier.

The accounting structure of the DLES' Office of Information Systems will remain intact to ensure that the IT resources will continue to support federally funded systems in a manner consistent with a pre-established cost allocation plan.

Prior to the transfer, DLES' Office of Information Systems operated through a Working Capital Trust Fund. That fund will be reestablished in the STO to properly account for any cash balance that exists in the fund on June 30, 2001.

Governor's Recommendation: Recommend approval to transfer 140 positions and \$14,705,012 trust fund appropriations and \$2,544 General Revenue appropriations for the consolidation of the Office of Information Systems in the Department of Labor and Employment Security into the Department of Management Services, and approval of internal transfers within the Department of Labor and Employment Security for \$2,215,885 to provide operating transfers to the STO.

Commission Staff Comments: Recommend approval by the Legislative Budget Commission as recommended by the Governor's Office.
